**PHARM+ Haven of Hope Community Pharmacy**
**Pharmacy Trainee Programme Winter 2026/2027**

## Introduction

Haven of Hope Christian Service (Haven of Hope) was found on a barren upland by a group of foreign missionaries in 1950s. Our mission statement is "Through a ministry of holistic care, we strive to share the Gospel and develop a Christian community. In the love of Christ, we deliver our service in a caring, professional and progressive spirit so that the lives of those serving and being served are mutually enriched". We aim to provide holistic care services with a caring, professional and progressive attitude. Through providing services, our goal is to share the Gospel and develop a Christian community committed to biblical teachings. In the process, it is hoped that the lives of those serving and being served can be mutually enriched and that the Haven of Hope is not only a place to serve but also of a place to learn and grow.

PHARM+ Haven of Hope Community Pharmacy is established in 2024. We provide high-quality pharmaceutical service to the public and empower Hong Kong people to manage their medicine. Our community pharmacy services include:

1. Medication Dispensing and Consultation Service
2. Minor Ailment Management Service and Medication Management Service - We offer individualized medication management and follow-up services to patients with chronic conditions and their caregivers.
3. Retail over-the counter medicine and health products
4. Public Education via workshops and talks

## Duties

1. To practice under supervision in community pharmacy, including procurement, store management and drug dispensing.
2. To practice patient-centred pharmaceutical care such as patient interviews, hands-on counselling and other relevant activities under supervision
3. To engage the public, patients and caregivers via social media, educational activities and community support programmes
4. To participate in and support community research
5. To participate in and support outreach services

**Welcome both HKU and CUHK Year 1 to Year 4 pharmacy students to join the programme, the requirements are follows:**
